# Use of Funds – Frequently Asked Questions

**Q: Can a PAC give grant funds to the school or school district?**

A: No. Per section 10 of the Conditions for a PAC/DPAC Grant, PACs are not permitted to make advances or donations of gaming funds to a school or school district.

However, the PAC may reimburse the school, school district, school group, or an individual for eligible disbursements as long as supporting documentation is retained in the PAC's gaming records.

It is preferred that the PAC pays suppliers of goods and services directly whenever possible.

# Use of Funds – Frequently Asked Questions

**Q: How do PACs make capital purchases? Does the PAC or the school own the asset?**

**A:** Although the PAC must retain management and control of its grant funds, ownership of eligible assets purchased with PAC grant funds may be transferred to a school or school district if doing so is required for storage, maintenance, operation or liability insurance purposes.

# Use of Funds – Frequently Asked Questions

**Q: Can our PAC provide scholarships or bursaries to students?**

A: Scholarships/bursaries are only eligible when they are provided to a *current* student of the school, who is graduating in the current year.

The scholarship/ bursary program must be offered by the PAC, whose board/executive committee determines the selection criteria and procedure for awarding funding.

The cheque must be payable to the student (ie. directly to the eligible beneficiary, not to a third party) and the grant funds must be used for post-secondary education only, at a provincially authorized post-secondary institution or equivalent.

# Use of Funds – Frequently Asked Questions

## **Q: Can we purchase playground equipment?**

A: PACs can use their funding to purchase playground equipment. If there are modifications to the school grounds (e.g. levelling of ground, digging) required to install the equipment, this would fall under the school's responsibility.

PACs may retain their PAC grant funding for up to 36 months, so there are PAC groups that save this funding to make a larger purchase, such as a playground.

PACs may also apply to the Capital Project Grant program for funds for a playground; however, playgrounds located on public school grounds that are eligible for the Ministry of Education's Playground Equipment Program (PEP) are not eligible for a Capital Project grant. School Districts are responsible for applying for the PEP; confirm with the SD if your project is eligible for the PEP.

# Spending Rules

Grant funds are deposited into an organization's "Gaming Account."

## Expenses

All eligible expenses should be paid directly from the Gaming Account.

Grant funds may be transferred – by cheque or electronically – from the Gaming Account to the General Account for the reimbursement of eligible program expenses.

## Method

Cheque or board-approved electronic transfer.

## Documentation

Invoices and receipts must be retained for five years.

# Spending Rules

## Spending Timelines

### **Forward**

PAC - Grant funds must be disbursed within 36 months of receipt.

DPAC – Grant funds must be disbursed within 12 months of receipt.

### **Backward**

Grant funds can back-pay expenses incurred in the same fiscal year the grant is received.

This is done by transferring funds from the Gaming Account to the General Account for previously incurred eligible expenses.

# Financial Reporting

All Gaming Grant spending must be reported in the **“Gaming Account Summary Report (GASR).”**

- All organizations that receive Community Gaming Grants or have previously received a grant and still have money in their Gaming Account, must submit a GASR.
- Must be submitted within 90 days of the organization’s fiscal year end (do not submit prior to FYE)
- The GASR details: “Gaming Account” balance at beginning of fiscal year; grants received; funds disbursed; and balance at end of fiscal year.
- GASR also requires a description of how the funding benefited the community – ie. students.
